

Authorising the Board of Directors to decide on the issuance of shares as well as the issuance of options and other special rights entitling to shares

The Board of Directors proposes that the general meeting authorise the Board of Directors to decide on the issuance of shares as well as the issuance of options and other special rights entitling to shares referred to in chapter 10 section 1 of the Limited Liability Companies Act as follows: The amount of shares to be issued based on this authorization shall not exceed 952,000 class A shares and 5,448,000 class B shares. The authorization covers both the issuance of new shares as well as the transfer of treasury shares. The issuance of shares and of special rights entitling to shares may be carried out in deviation from the shareholders' pre-emptive rights, on the condition that the distribution of shares is based on weighty financial grounds. The Board of Directors is authorised to decide on all the conditions of the issuance of shares and of special rights entitling to shares. The authorisation is proposed to remain in effect for a period of 18 months following the date of decision of the Annual General Meeting and it will supersede the previous one.
