Marine Q2 – offshore orders continued to grow

- The low level of new ship orders reflected in demand for marine cargo handling equipment.
- Demand for marine cargo handling equipment for offshore vessels continued to improve, accounting more than a quarter of Marine’s orders.
- Sales remained at healthy level thanks to order book and successful deliveries.
- Profitability was at expected level.
- The gradual recovery continued in services.
Terminals Q2 – strong growth in orders

- Demand for container handling equipment used in ports picked up in the second quarter, due to the realisation of several major projects.
- Order intake grew 57% y-o-y.
- Sales grew 28% y-o-y.
- Profitability was 3.5%.
  - Improvement in profitability priority #1
  - Low profitability in big cranes
  - Changes in product and market mix
  - Service business’ low share of sales
  - Challenging competitive situation
- Investments in port automation technology continued.
Load Handling Q2 – profitability weaker than normal

- The market for load handling equipment clearly exceeded general market expectations during the first half, but during the second quarter signs of uncertainty in Europe increased. Demand continued to perk up in the USA.

- Order received grew 7% y-o-y.

- Sales grew 5% y-o-y.

- Operating profit margin of 2.6% was weaker than normal, which should be rectified in the second half of the year.
  - Challenging competitive situation

- The growth in orders for services was boosted by spare parts and installations.
Gross profit development
